

Seniors Video Chat with Overseas Young People

We Speak English Network

We Speak English Network is a not-for-profit organization, founded by a group of caring Canadians to help native English speakers and overseas young people to set up a fabulous connection.

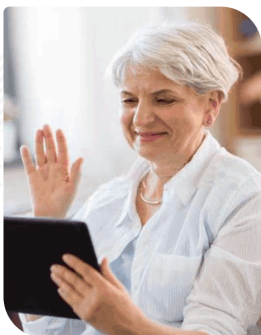

MISSION

Our mission is to pair native English speakers with overseas learners to set up a fabulous connection. Help the elderly connect with the world, reduce loneliness by chatting with overseas young people who dream of studying or working abroad, and help overseas young people improve their English-speaking skills.

ABOUT THE CHAT

Seniors sign up at <https://wespeakenglish.chat/tutor.html> as a tutor and then may start the chat. You can meet various learners and hear many unique stories, different thoughts, and interesting events, as well, you can share your living experiences and guide these young people.

The partners are overseas young people, from non-English speaking areas, who are eager to practice speaking with native English speakers to improve their English-speaking skills.
